

## **Publications Work Team Summary**

### **Objective/Role:**

The Publications Team will be responsible for assisting in the preparation and publication of California Water Plan Update 2013 (editing, layout, coordination of design and graphics, and general assistance to authors writing various technical sections of the document).

### **Key Deliverables:**

1. A guide for authors and editors of the water plan.
2. The actual deliverables of the project (various review drafts of all volumes).

### **Coordination Venues:**

### **How to get involved:**

Sarah Sol  
Research Writer, Technical Publications and Communications Media  
California Department of Water Resources  
Statewide Integrated Water Management  
Project Services Office  
(916) 651-9610
